

Senior Leadership Briefing

Post-Tropical Cyclone Harvey and Hurricane Irma

Sunday, September 3, 2017 (5:00 a.m. EDT)

Updates in Blue

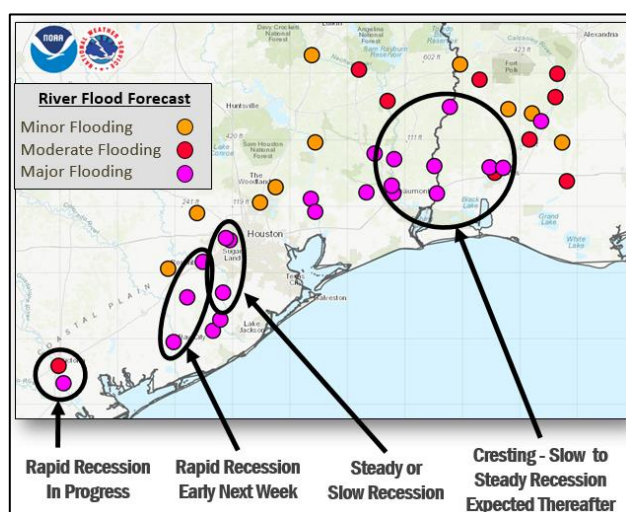

Overview:

FEMA is coordinating the interagency and multi-regional response to multiple events. FEMA is monitoring Post-Tropical Cyclone Harvey in the Northeast U.S. and Hurricane Irma in the Atlantic.

Current Situation:

Post Tropical Cyclone Harvey

As of 5:00 a.m. EST, post-tropical Harvey continues to weaken as it moves further to the Northeast over the northern sections of the Mid-Atlantic. Harvey will interact with a separate low pressure system and produce as much as 1 to 2 inches of rain over the Northeast U.S. during the day. Isolated flash flooding may occur, but not on a widespread area. Harvey is expected to dissipate later today as it pushes into extreme coastal Canada. (NOAA Update, September 3, 2017, 1:22 a.m. EDT)

Hurricane Irma

As of 5:00 a.m. EST (0300 UTC), the eye of Hurricane Irma was located near latitude 18.3 North, longitude 46.2 West. Irma is moving toward the west near 14 mph (22 km/h), and a motion just south of due west is expected for the next 48 hours. Maximum sustained winds remain near 110 mph (175 km/h) with higher gusts. Some strengthening is forecast during the next 48 hours. There are currently no watches or warnings issued for this system. (NOAA Update, September 3, 2017, 1:22 a.m. EDT)

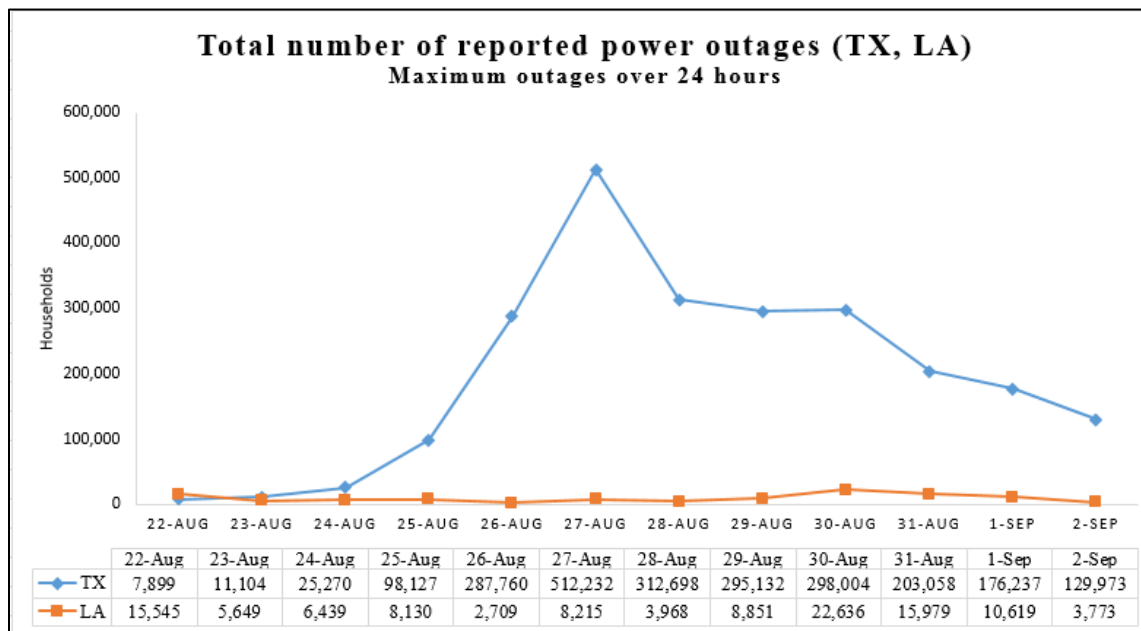

Impact Summary:

- **Shelters:** 277 shelters open with a population of 38,873; 270 shelters with a population of 36,795 in TX and seven shelters with a population of 2,078 in LA (ESF-6 Update, September 2, 2017, 12:53 p.m. EDT)
- **Fatalities:** Media reporting at least 43 fatalities; state has not confirmed number of fatalities (Associated Press, September 2, 2017, 1:30 p.m. EDT)
- **Schools:** 190 schools reporting damage; 20 with extensive damage, 75 with major damage; anticipating up to 15,000 students displaced (Region VI RRCC ICU, September 2, 2017, 5:54 p.m. EDT)

Interagency Coordination/Response:

- **ESF-1: Transportation**
 - Two East Coast MARAD ships (Empire State and Kennedy) planning to set sail for Texas and provide federal response berthing, arriving September 13 *(Region 6 Email update, September 3, 2017, 2:11 a.m. EDT)*
 - United States Coast Guard (USCG), in partnership with other agencies and private industry, is working on surveying channels, repairing aids to navigation, and removing obstructions *(USCG Update, September 2, 2017, 2:00 p.m. EDT)*
- **ESF-2 Communications**
 - Public Safety Answering Points (PSAPs): Six (-1) PSAPs out of service, but all have been re-routed so calls can still be answered; PSAPs are responsible for answering calls made to emergency services
 - Reported cell tower outages 2.0% (-0.4%) *(ESF-2 Update, September 2, 2017, 3:37 p.m. EDT)*
- **ESF-3: Public Works and Engineering**
 - Beaumont, TX surface water treatment plant (SWTP) is producing 20 million gallons per day as of September 2 at 9:00 a.m.; water distribution is limited at this time due to the inability to maintain adequate pressure; operators are slowly opening main distribution lines and determining where pressure is being lost so repairs can be made; repairs will be a slow, methodical process to bring the entire system up to desired pressure
 - USACE pumps were delivered to the SWTP, however the water plant operator is using pumps provided by a private vendor to bring water directly from the Neches River into the SWTP and retaining the USACE supplied pumps as a backup
 - Estimated demand will be above the 20 million gallons per day currently being produced by the plant. Elevated storage tanks and groundwater tanks are mostly full; delivery of water at any point

in the system is variable and dependent on where adequate pressure is established; water is not potable and may only be used to flush or bathe

- Beaumont will be on boil water notice for another 3-4 weeks (*IAB, September 3, 2017, 2:18 a.m.*)
- 38 generator installations complete, 1 generator de-installation requested; no new generator installs requested or in progress (*ESF-3 Update, September 2, 2017, 7:23 p.m. EDT*)
- **ESF-6: Mass Care**
 - Developing plan for feeding and transportation services for survivors enrolled in Transitional Sheltering Assistance program
 - Two Disaster Recovery Centers (DRC) scheduled to open on September 3 in Colorado and Fayette counties; 45 DRC Managers deployed; 16 additional DRC Managers available for deployment
 - General Services Administration coordinating a request from Texas to establish a donation warehouse
 - Voluntary Agency Liaisons continue coordination with FEMA International Affairs, FEMA Logistics, and Salvation Army to receive and distribute a plane load of donations arriving September 3 from Canada (*ESF 6 Update, September 3, 2017 1:12 a.m. EDT*)
- **ESF-7: Logistics Management and Resource Support**
 - Continuing to contract support services to standup the USS Lexington Air Craft Carrier first responder lodging facility
 - Shipped 500 Living Kits containing pillows, bed linen and towels from the Mobile Housing Unit (MHU) Staging Area at Sherwood Forrest, LA to USS Lexington lodging facility in Corpus Christi, TX (*ESF-7 Update, September 3, 2017, 1:51 a.m. EDT*)
 - Mature supply chain delivering 3 million liters of water and 2 million meals daily through two Incident Support Bases (ISBs) (Air Field Seguin and Joint Base Randolph) to 24 Points of Distribution (PODs) supporting survivors; on Sunday, HQ Logistics will work with Region 6 to update supply chain delivery numbers based on current consumption
 - Redirecting Louisiana ISB team to Beaumont's Ford Park ISB; expect full operational capability by September 3
 - 600,000 gallons of fuel ordered and available to be dispensed at 16 sites; 155,000 gallons are positioned throughout TX and 17,400 have been used (*ESF-7 Update, September 2, 2017, 3:50 p.m. EDT*)
 - 12 (-20) of 330 General Services Administration (GSA) owned and leased federal buildings in affected areas in TX and LA closed (*ESF-7 Update, September 2, 2017, 3:20 p.m. EDT*)
